

What We Believe

Children Come First

One of the most effective ways to enhance Holly Springs is to invest in our children first.

We believe that when you give a child the chance to learn, dream, experience, and succeed, great things will happen.

It is our passion and commitment to help the children of Holly Springs lead happy, healthy, and successful lives.

We live our creed that the needs of children are Priority One.

We are making a difference in the lives of the children of Holly Springs and the world.

How We Make a Difference

The vast majority of funds we raise remains in Holly Springs to serve the children within our community. Our funds are used for activities such as:

- ★ Sponsoring Key Clubs at Holly Springs and Middle Creek High Schools
- ★ Assisting the drama, art, dance, and lacrosse team programs at Holly Springs High School
- ★ Providing dictionaries to local elementary students
- ★ Providing professional tutoring to K-2nd grade Holly Springs students who are under-privileged and at-risk of failing academically

HAPPY HOLLY DAYS PARADE

The Kiwanis Club of Holly Springs is very proud to be a part of giving back to the children of our community. Our club is composed of men and women of all ages. In addition, high school Key Club members participate in our activities and fundraisers.

We are a diverse group that includes educators, a doctor, dentist, town council members, a professional chef, housewives, homemakers, and small business owners.

We are open to all and are always looking for community-minded individuals who understand the importance of giving back just a little.

If you love children and want to help them, we invite you to contact us today about a Kiwanis Membership. Commitments are nominal, yet have astounding effects.
